

REMARKS

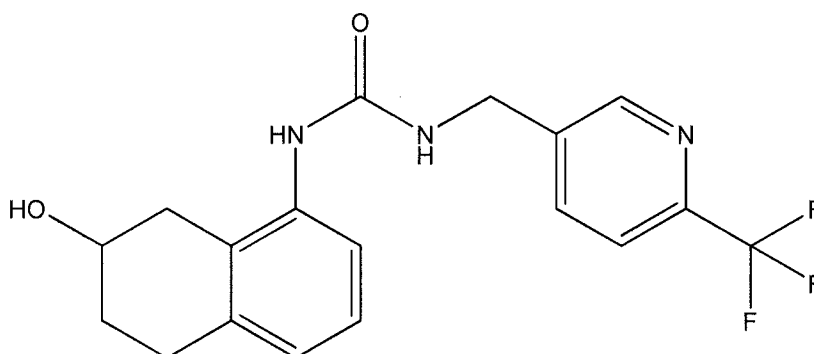

Claims 1-22 are pending. The Examiner has required restriction to one of the following:

- I. Claims 1-3, 5-16 drawn to compounds and compositions where all Qs are carbon, drawn to tetrahydronaphthalenes.
- II. Claims 1-2, 5-16 drawn to compounds and compositions where one Q is nitrogen and the other Qs are carbon drawn to tetrahydroquinolines and tetrahydroisoquinolines.
- III. Claims 1-2, 5-16 drawn to compounds and compositions where two Qs are nitrogen and the other Qs are carbon drawn to tetrahydrodiazines (i.e., hydrogenated six-membered benzofused heterocycles with two nitrogens in one of the rings).
- IV. Claims 1-2, 5-16 drawn to compounds and compositions not included in Groups I-III, drawn to, for example, compounds with benzotriazine rings (i.e., three Qs are N).
- V. Claims 20-22 drawn to methods of treating disorders with one of the compounds of Groups I-IV.

Applicants elect Group I, with traverse.

Applicants respectfully request rejoinder and full examination of the compounds and compositions of Group I and the methods of treatment claims of group V. A search for the compounds of Group I would necessarily result in discovery of any methods of treatment utilizing such compounds. Indeed, the search and examination of the compounds, compositions and their related methods of use would likely be co-extensive and, in any event, would involve such interrelated art that the search and examination of the both groups can be made without undue burden on the Examiner.

Upon election of Group I, the Examiner has required the election of a single disclosed species. Applicants respectfully elect 1-(7-hydroxy-5,6,7,8-tetrahydronaphthalen-1-yl)-3-((6-(trifluoromethyl)pyridin-3-yl)methyl)urea (Example 1-12, Page 97).

1-(7-hydroxy-5,6,7,8-tetrahydronaphthalen-1-yl)-3-((6-(trifluoromethyl)pyridin-3-yl)methyl)urea

Claims 1-4 and 6-22 read on the elected species.

The afore-mentioned elections are being made solely to comply with, and be fully-responsive to, the restriction requirement set forth in the Office Action. Applicants respectfully reserve the right to pursue any non-elected or otherwise unclaimed subject matter in one or more continuation, continuation-in-part, or divisional applications.

Applicants have submitted a Petition for Extension of Time herewith, but believe that no additional fees are required for consideration and entry of this paper. However, Applicants authorize the Director to charge any required fee or credit any overpayment to Deposit Account No. 04-1105.

Dated: January 26, 2009

Respectfully submitted,
